Northeastern University

Part 1-Overview, Eligibility, Benefits, & Requirements

Program Overview

The AmeriCorps Massachusetts Promise Fellowship (MPF) at Northeastern University grew from the America's Promise Alliance, a collaborative network based on "5 Promises" that form the conditions youth need to succeed: Caring Adults, Safe Spaces, A Healthy Start, Effective Education, and Opportunities to Serve (www.americaspromise.org). America's Promise is a thought leader in increasing graduation rates, disseminating research on the 5 Promises as effective interventions to support Grad Nation's goal of reaching a 90% graduation rate by 2020. MPF believes all young people in Massachusetts have a right to these Promises and Fellows implement these interventions during the Out of School Time setting to increase youth academic engagement – a key factor in dropout prevention. At MPF, we believe the Out of School Time setting provides a unique opportunity to support youth in reaching their full potential as students and engaged citizens. Fellows are placed at non-profits, city agencies, and schools to lead mentoring, academic enrichment, and college and career exploration projects for a year of service.

Each year, the program applies for funding from the Corporation for National and Community Service for AmeriCorps positions. Once received, these positions are awarded to host sites across the Commonwealth following a competitive review process. This year we plan to host 40 AmeriCorps members and anticipate receiving final notification of our federal funding in late May 2017.

MPF is hosted by Northeastern University's Center of Community Service and supported by the Massachusetts Service Alliance and the Corporation for National & Community Service.

Supporters

MPF receives fiscal, in-kind, and technical support from the following partners:

- **The Massachusetts Service Alliance** established in 1991, is a private, nonprofit organization that serves as the state commission on community service and volunteerism. Its mission is to catalyze the innovation and growth of service and volunteerism by creating partnerships that maximize resources, expertise, capacity, and impact.
- **The Corporation for National and Community Service (CNCS)** established in 1993, CNCS is a federal agency that engages more than 5 million Americans in service through its core programs -- Senior Corps, AmeriCorps, and the Social Innovation Fund -- and leads President Obama's national call to service initiative, United We Serve. As the nation's largest grant maker for service and volunteering, CNCS plays a critical role in strengthening America's nonprofit sector and addressing our nation's challenges through service.
- **Northeastern University** has hosted the Fellowship since March of 2000. The Fellowship is part of the Center of Community Service and falls under the guidance of City & Community Affairs. In addition, Northeastern University:
 - Serves as the fiscal agent for the Fellowship
 - Provides in-kind office space and administrative support to the Fellowship
 - Allows the Fellows to enroll in a select number of tuition-free courses at Northeastern University through a partnership with the College of Professional Studies
 - Provides a 25% discount on courses in the College of Professional Studies for host site supervisors and MPF Alumni

Eligibility

To be eligible, your organization must:

- Be a non-profit 501(c)3 organization, school, or government agency operating in Massachusetts
- Be operational for at least one year with at least one full-time staff member and the capacity to host a Fellow

Partnership Benefits

The Massachusetts Promise Fellowship is committed to the success of each Fellow and their host site. As our contribution to the partnership with the host site we provide:

- A full-time Fellow (~40 hrs/week) for one year (hired in partnership between the program and host site)
- In-service leadership training focused on project implementation and evaluation, youth development, and regular retreats and monthly meetings for the Fellow, including over 170 hours of professional development as well as networking opportunities
- Access to the AmeriCorps national service network and associated training and conferences

Host Site Partner Requirements

- Cash Match**
 - We ask each host site organization to invest in the partnership by providing a **non-federal** cash match. The match is used to cover a portion of the total cost of the Fellowship position (training, travel, benefits, and living allowance) at your host site. The amount of the cash match is based on the *organization’s total operating budget*, including salaries, funds distributed as grants, and any other operating costs.
 - Host organizations pay between \$10,290 and \$15,487 for a full-time Fellow that will serve a minimum of 1,700 hours over their 12 month term of service (whereas our total cost/Fellow is \$39,580). The amount your organization pays can be determined by reviewing your most recent organizational audit or referencing your most recent IRS Form 990. Please note if you are a department within a large organization/government agency, we are looking for the budget of the entire organization. Please use the following table to determine the appropriate match:

<u>Total operating budget</u>	<u>Host Site Match/Fellow*</u>
\$300,000 or less	\$10,290
\$300,001-\$500,000	\$12,022
\$500,001-\$1,000,000	\$13,755
\$1,000,001+	\$15,487
