

KENNEDY ACADEMY FOR HEALTH CAREERS AMERICORPS MASSACHUSETTS PROMISE FELLOW

AmeriCorps Massachusetts Promise Fellows deliver the resources young people need to be successful in life by creating, managing, and leading meaningful out-of-school time programs for youth in grades 6-12. Fellow projects focus on mentoring, social and emotional learning, college and career readiness, academic enrichment, and community service-learning.

The Massachusetts Promise Fellowship achieves this by placing AmeriCorps Fellows with schools, non-profit organizations and state/local government agencies that focus on fulfilling the needs of our youth by providing: *a caring adult, a safe place, a healthy start, a marketable skill, and an opportunity to give back.*

SERVICE DESCRIPTION

The EMK Massachusetts Promise Fellow will serve as the Coordinator of the Afterschool Support Program at our Fenwood Campus, leading the process for recruitment, monitoring and retention of EMK student participants and external volunteers, and assuring effective communication between volunteers, EMK staff members, and families. The EMK Afterschool Support Program engages EMK teachers as well as undergraduate and graduate students from Northeastern University and the Colleges of the Fenway to support the academic achievement of EMK students across the curriculum. The program provides afterschool tutoring in all academic disciplines, support and mentoring for science fair participation, and preparation for the required MCAS tests. In addition, by engaging near-peers in the academic support process, the program provides opportunity for mentoring and role modeling to help EMK students envision their pathway to college. While the program is open to all EMK students, the model focuses most intensively on sustained participation of a cohort of 25 students in grades 9 and 10 who are identified by teachers and school leaders.
